PROFESSIONAL SUMMARY

Software Developer with hands-on industry experience building RESTful APIs and full-stack web applications using Java, Spring Boot, React, and MySQL. Experienced in secure authentication systems (OAuth 2.0, Spring Security), database optimization, and AI-integrated platforms. Strong foundation in Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA), and version control (Git/GitHub), backed by active competitive programming practice.

WORK EXPERIENCE

Airtel - Software Developer Intern

March 2026 - June 2026

- Built and integrated REST APIs supporting core application workflows, streamlining database queries to improve response performance.
- Performed debugging, testing, and peer code reviews as part of the development cycle, contributing to consistent code quality standards.
- Automated manual operational processes, reducing repetitive workload, while gaining exposure to enterprise networking and security practices.

SLAP Apps LLP - Software Developer Intern

Jan 2025 - May 2025

- Developed and merged RESTful APIs connecting frontend and backend services for the Q-Thenticator application, upgrading core database operations. Identified and fixed 30+ bugs, improving overall stability.
- Implemented secure authentication, authorization, and user management functionality, and enhanced responsive React-based UI components for improved usability.

Tech: Java, Spring Boot, React, MySQL, HTML, CSS, JavaScript, Bootstrap, Git, GitHub

PROJECTS

NewsAI - AI-Powered News Verification Platform

Tech: Java, Spring Boot, Spring Security, Spring AI, React, MySQL, Hibernate, JPA, OAuth 2.0, REST APIs, Groq LLM

- Integrated Spring AI with Groq LLM APIs to analyze news content, evaluate source credibility, and flag potential misinformation.
- Implemented secure, role-based authentication and authorization for 2 user roles (Admin and User), enhancing responsive React-based UI components for improved usability.

Book Management Web App

Tech: Java, Spring Boot, Spring MVC, Spring Data JPA, MySQL, JavaScript, HTML, CSS, Bootstrap

- Built a full CRUD-based Book Management System with a responsive JavaScript and Bootstrap UI, enabling users to add, update, delete, and search records.
- Designed a Spring Boot and MySQL backend with optimized queries, improving data retrieval performance.

SBI Bank Clone Application

Tech: Java, Servlet, JDBC, MySQL, HTML, CSS, JavaScript

- Developed a banking application with account creation, balance inquiries, deposits, and withdrawals, using secure JDBC and MySQL transaction processing to ensure data integrity.

TECHNICAL SKILLS

Languages: Java (Core Java, OOP, Collections Framework, Exception Handling, Multithreading), JavaScript (ES6+)

Backend: Spring Boot, Spring MVC, Spring Security, Spring Data JPA, Hibernate, REST APIs, OAuth 2.0

Frontend: React.js, HTML5, CSS3, Bootstrap

Databases: MySQL, Oracle Database, JDBC

Tools and Practices: Git, GitHub, Maven, Postman, JUnit, DSA, AI Integration, Networking, Cybersecurity Basics

Soft Skills: Problem Solving, Team Collaboration, Communication, Leadership, Project Management

Languages Spoken: English, Hindi

EDUCATION

B.Tech, Electronics and Communication, CGPA: 8.5/10

Sep 2021 - May 2025

Noida Institute of Engineering and Technology

Senior Secondary Education (CBSE) - APS Academy, Lucknow

Jul 2020

Secondary Education (CBSE) - International Hindu School

Aug 2018

CERTIFICATIONS

- Java Certification - Incapp (Core Java, OOPs, Collections, JDBC)
- Spring Boot Certification - Incapp (REST APIs, Spring MVC, Spring Data JPA)
- IoT Device Certification - Coursera
